**WALL**

# REWALL 40 - MUSTWALL 33B

Thanks to our renewed range of airborne noise insulation panels for single wall, you achieve the best acoustic performance using 90% recycled materials.

	Thickness	Transmission Loss Rw	Reaction to fire
<b>REWALL 40</b>	40 mm	≥ 57 dB	B-s1,d0
<b>MUSTWALL 33B</b>	33 mm	≥ 54 dB	B-s1,d0

INSULATION  
OF ALL  
FREQUENCIES

FIRE  
RESISTANT

REWALL  
PROVIDE  
THERMAL  
INSULATION

STANDARD:  
EN14190:2014

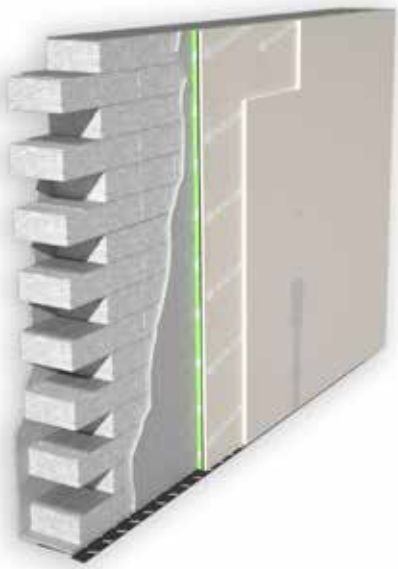

Space-saving  
solution thanks to  
low thicknesses.

High  
mechanical  
stability  
guaranteed by  
plasterboard.

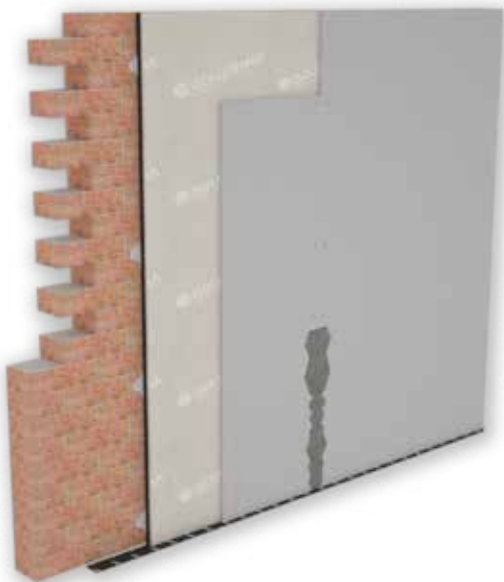

Clean  
installation  
without  
masonry work.
